THE BOYS IN BLUE

Gli Azzurri are one of the most successful national football teams ever. The team began their epic journey in 1910, but it was during 1930s that they set their dominant legacy into motion. During these years, they won two FIFA World Cup™ Titles and an Olympic™ Gold Medal, the team continued to have periodic victories but their win in 2006 was epic: it added a fourth star to their team badge. Since our partnership began in 2003, PUMA has provided kit designs that complement Gli Azzurri's inherent style and winning tradition. Through heritage-inspired product design and forward thinking product solutions, PUMA recognizes that blue is more than just a color: Blue is a legacy of its own.

Championships: FIFA World Cup™ Champions in 1934, 1938, 1982, 2007

CELL is PUMA's system designed to make it easy for anyone to understand the specific benefits of our performance products.

CELL helps you find exactly what you need and understand precisely how our product innovations may your body perform even better.

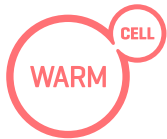

GET READY FOR DRY

- + Moisture Management
- + Highly functional materials draw sweat away from your skin and help keep you dry and comfortable during exercise

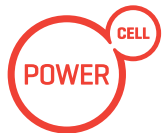

KEEP YOUR COOL

- + Climate Control
- + Highly functional materials draw sweat away from your skin, while anatomically placed air-flow features offer superior temperature regulation to keep you cool and dry during exercise

THERMAL INSULATION

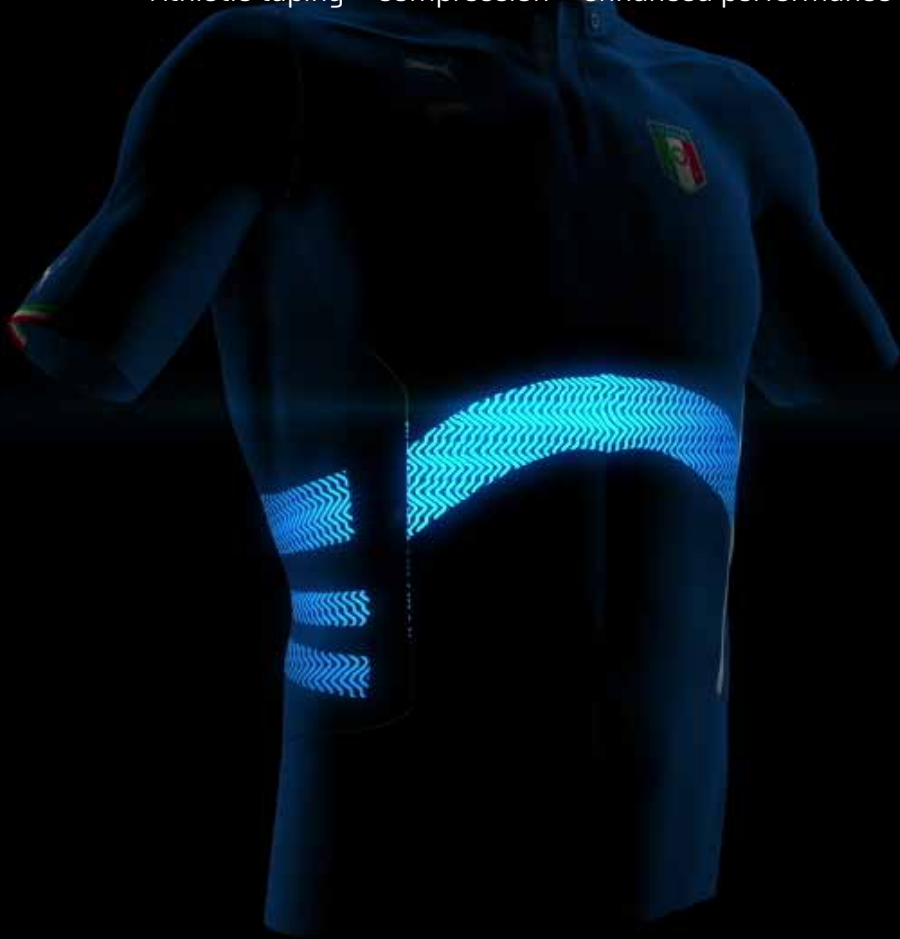

- + Highly functional and breathable materials retain heat close to your body to maintain your optimum temperature when it's cold outside

TURN ON THE POWER

- + Compression
- + Powercell next to skin layers are designed to work with your body's natural systems to help enhance and maximize your performance during & after exercise

Athletic taping + compression = enhanced performance

"By fusing athletic taping with compression, we create a system that enables a faster energy supply to the muscles"

– Jordi Beneyto Ferre, Innovation & Sustainability Apparel

Sergio Agüero, Argentinian Striker
Manchester City
